"Dear sponsor,

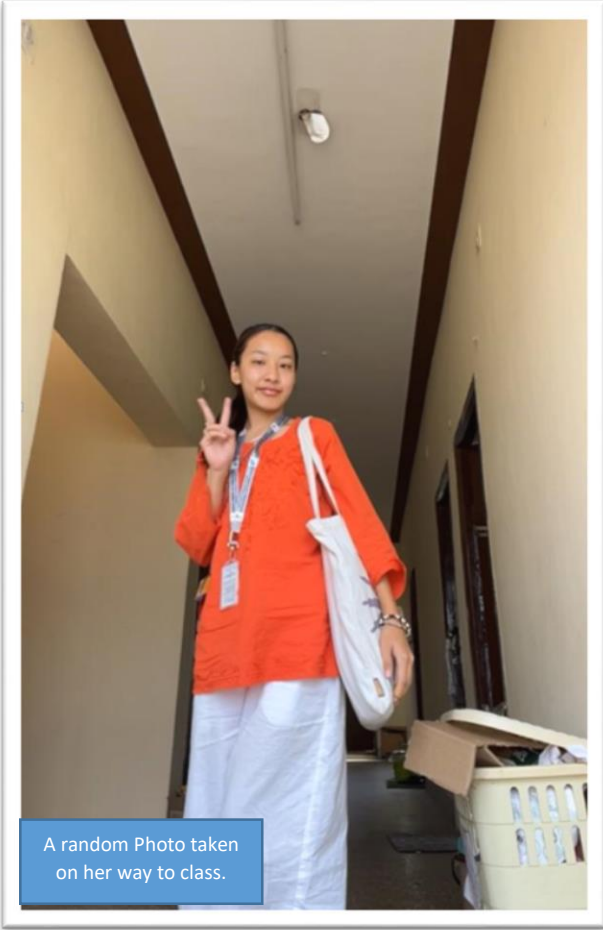

Thank you so much for this opportunity. I am humbled that you have chosen me for your scholarship. I am so grateful for the work you are doing to help people like me. This scholarship is a tremendous blessing to me and gives me the strength to continue pursuing my education.

Nursing life is completely different from general studies. At the beginning I am facing huge mental pressure and I still find it hard to adjust with but dealing with various patients always motivates to work harder.

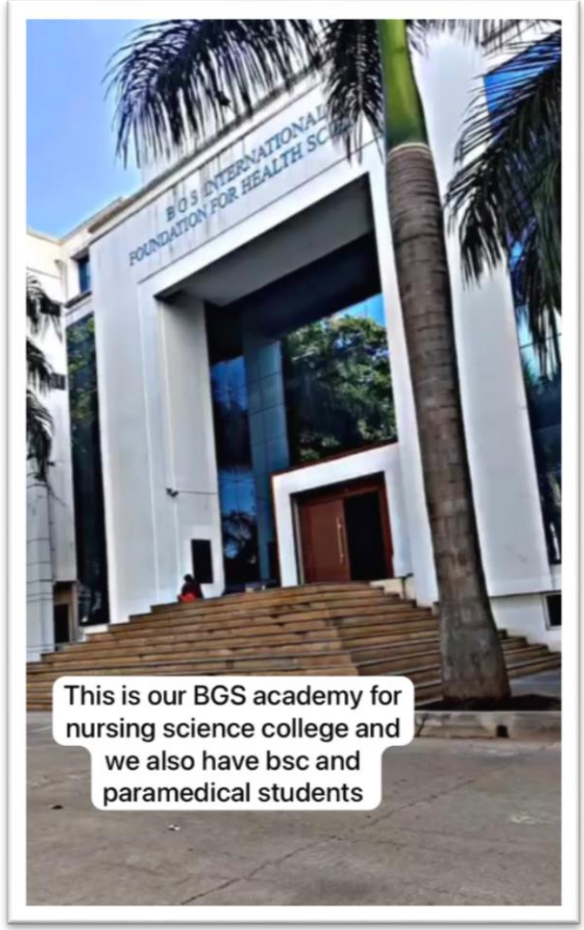

In the first year, we learned about basic nursing through subjects like Anatomy and Physiology, Microbiology, sociology, psychology, and fundamentals of Nursing, First Aid and Environment hygiene.

Thank you for your support and I am doing my best.

Best wishes"
