Profile for Tashi

Settlement or Village: Tibetan Children's Village - Suja

Child ID: REC 80358

Gender: Male

Age: 14

Bio:

Tashi was born in Dolpo, a very remote village in Nepal. The terrain and culture in Dolpo is quite similar to Tibet. Tashi's father works a small farm and his mother is a housewife. They work very hard at their farm in order to maintain their home. Tashi's two younger siblings along with his grandfather and grandmother still live at home. Tashi was placed in a Montessori class when he first arrived at TCV Suja. He learnt Tibetan when he was in school in Dolpo so he didn't face many problems when he first joined the school. His favorite subjects are Tibetan and math. He is quite shy in nature. He had to stay in the school during winter vacations for the past two years due to the travel distance to Dolpa so has not seen his family for quite some time. He wants to become a business person so he can help his family. He misses his family very much.

If you would like to sponsor Tashi for as little as \$40.00 a month, please e-mail us at info@tras.ca with your contact information.
